Coco View Resort Roatan, Honduras

Jan 7 – Jan 14, 2012

Coco View: a beautiful island dive resort where you are treated like family!

Divers have long enjoyed Roatan's restful blue lagoons, relaxed jungle atmosphere, and world-renowned scuba diving. Roatan's coral diversity is unmatched in the Caribbean with great wall and reef diving, featuring lots of stunning swim throughs and great fish life. We will be staying at Coco View Resort, a "true dedicated dive resort" and one of the highest rated and well-established dive resorts in the Caribbean. The famous Coco View Wall is a photographer's dream and lies less than a hundred yards from the beach. The wreck of the Prince Albert is just offshore with her keel in 65 feet of water and her bow resting near the lip of a 12,000-foot deep ocean trench.

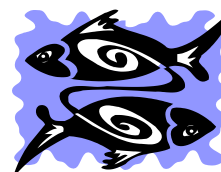

Package includes seven nights accommodations *(double occupancy) with A/C, five days of two-tank boat diving, unlimited shore and wall diving, breakfast, lunch, and dinner daily, BBQ and picnic on Cay, taxes and service charges, tanks, weights, and belts.
